1902-1903

**CALIFORNIA NURSERY CO.

The following list of stock offered herewith includes only such as we have a limited quantity of, and is not enumerated in our general Catalogue and Price List No. 3.

All the ornamental trees have been several times transplanted, pruned and shaped to well-formed heads.

All Palms, Dracaenas and Evergreens that have been grown in boxes from one to three years, are almost absolutely safe from any loss after planting, and will grow at once. The larger sizes will produce an immediate effect.
